Pray for wisdom in how to survive. Ask the Lord to guide the citizens in the country – especially our brothers and sisters – in how to deal with interrogations and brutalities in the days to come.

Pray for children in Afghanistan. Pray for the schools and educational programs, that somehow they will function. And pray that God will preserve the dignity and wellness of the children, by raising up bold prophetic warriors who will guard children's safety and fight for their protection from all kinds of abuses.

Pray for health and wellness. Medicines are in short supply. Pray that clean water continues to run in taps – if water becomes contaminated in the cities, there will be widespread disease and illness. Though underreported in international media, Covid-19 cases are spiking in the country and hospitals are limited in what they can offer. There is no certainty as to how the healthcare system will be able to sustain itself with the new Taliban government. Pray that the healthcare system will not collapse.

Pray for food to be accessible and affordable. People are struggling right now, because supply chains have broken down – as they are slowly reinitiated, inflation and access is becoming a problem. "The Taliban will first feed their soldiers then us," a local says.

Please pray for the small group of believers in the country. They are walking on eggshells and are uncertain who to trust. Pray that they find strength, wisdom, and supernatural peace in God's promises.

Pray for the displaced. A new wave of refugees is expected to come from Afghanistan to many parts of the Middle East and the rest of the world. Pray for God's protection and provision over them in their journeys.

Pray for the women. Many women fear that the Taliban rule would mean they would be stripped of opportunities for education. Women involved in education during the past years could also be at risk – pray for their protection.

Pray that the country will not be a haven for extremists. The Taliban government of 20 years ago are known enablers of extremist Islamic organizations. With their newfound control over Afghanistan, the country could be host to a new generation of terror groups.
