Mission Emphasis November

Envision Los Angeles

The greater Los Angeles Area contains 5 counties and is home to 18.55 million people. Famous for Hollywood stars, movie sets, amusement parks and beaches, Los Angeles also has one of the highest homeless rates in our country. L.A.'s chronically homeless population has grown 55% since 2013. According to the Institute for the Study of Homelessness and Poverty at the Weingart Center, an estimated 254,000 men, women and children experience homelessness in Los Angeles County during some part of the year and approximately 82,000 people are homeless on any given night. More than one-third of the nation's chronically homeless live in California.

Our neighborhood of Watts is a 2 square mile radius and is home to 42,000 people which makes it the most densely populated neighborhood in LA county. The median age in Watts is 21 which means we also get the title of youngest neighborhood in the county. There are so many children and youth that need to hear about Jesus and His love for them. 44% of Watts lives below the poverty line. We are located about 15 minutes south of downtown Los Angeles and about 15 minutes east of the Pacific Ocean. We are less than 10 miles from the location of the new Los Angeles Rams stadium and once it is built, thousands of people will drive directly past our building for each home game. Watts has three large, government-run housing projects including Imperial Courts, Jordan Downs, and Nickerson Gardens, which is the largest government housing unit west of the Mississippi River. There are also several smaller housing projects tucked inside Watts' borders. Watts is famous for the Watts Towers, as well as the Watts Riots. Our neighbors in Watts are primarily Hispanic and African American.

Some guidelines for those on short term missions in LA and elsewhere. We know LA is a fascinating city with some cute kids, and you can't wait to show your family and friends what you're experiencing. But we respectfully request that you be careful about taking photos when out in the neighborhood and working with kids on site. It can distract from ministry and be offensive to community members.

Imagine we brought a van of Los Angelenos to your city, and stood outside your home snapping photos of your family as they went about daily tasks. If we came to your church snapping pictures and taking selfies in front of your stores and schools. Imagine if we brought a group every week all summer and each one did that. We want to build relationships, not wall, so please be respectful. If you build a friendship with someone, ask to take their picture and they agree, that's wonderful. If you complete a work project and want to take a picture, go for it. If you get the opportunity to take a selfie at the beach beside a palm tree, that's a bonus. We just ask you to have empathy and show respect.
